

Course Certificate

Nitin Satpute

has completed

HiPerNav training event

Venue: Hilton Hotel, Paris La Défense.

The training is organized by University Paris 13, France, from **6th to 7th of december 2018**. It consists of scientific presentations and work groups related to image quality assessment, including the following topics:

- **Awareness of ITU image quality concept and IQA standardization protocols**
- **Image quality assessment in the context of medical diagnosis**
- **Deep learning in medical computer-aided diagnosis**

The course was completed with groups assignment and final oral presentations.

The candidate has passed both. HiPerNav awards **1 ECTS** point for this course.

Villetaneuse, France, 7/12/2018
